

Switching Between Online Accounts is Easy

Some devices may automatically log you in using biometrics (Face ID or fingerprint) without the option to select your preferred login, such as Business or Personal.

If you need to switch between your accounts, please see the instructions below.

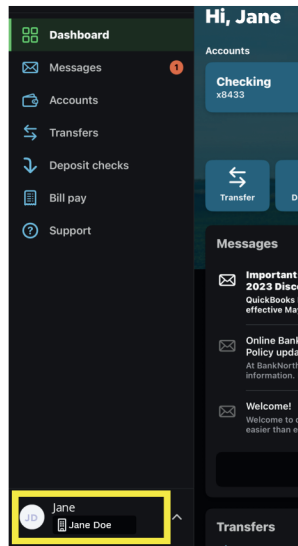

Step 1:

Click on the Menu Icon

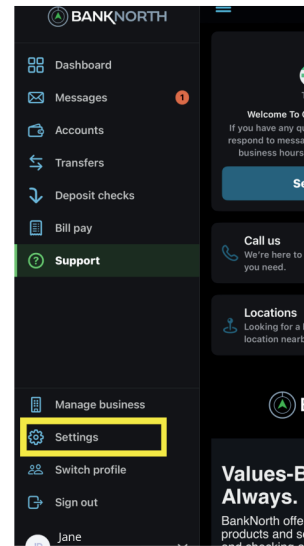

Step 2:

Tap on Your Name

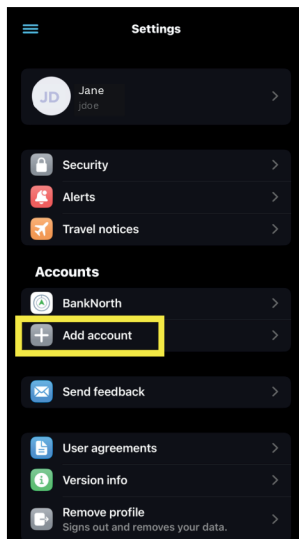

Step 3:

Go to Settings

Step 4:

Select Add Account

Step 5:

Tap Switch Profiles, then log in with your alternate credentials
